### IF KIDNEYS AND BLADDER BOTHER

Take a Glass of Salts to Flush Out Your Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weaknesses, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

"During Change of Life I had hot flashes, dizzy spells and every month I was wild with misery. I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women alike as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIE C. ## BEST MEDICINE SHE EVER TOOK FOR HEADACHE

Maine Woman Is Released from Pain By Using the Tonic Treatment.

Efficiency has become the business measure of one person's superiority over another. This one succeeds where another fails because of the difference in this quality. Personal efficiency is dependent upon one thing as much as perfect health. If a man or a woman is handicapped with headaches which cause tortuous day and night, concentration and continuous effort are impossible and the victim is certain to be left behind in competition.

Sick headaches are also called nervous headaches. The cause varies but it is usually some fault in the body's process of changing the food into blood. Doctors call it "faulty metabolism." The blood loses its tone and the nerves revolt. Patient, reliable men and women thus become irritable and erratic. Their friends avoid them and the sufferers become melancholy and brood.

This is a serious condition if permitted to continue unchecked but in many cases it yields to the tonic and laxative treatment. Mrs. Alfred Snow of No. 98 Spring street, Auburn, Me., suffered from severe headaches for a number of years and although she tried many medicines, none of them seemed to suit her case until she tried Dr. Williams' Pink Pills.

"I was all tired out," she says, "my back ached at times so I could hardly move. I had severe headaches which would make me feel dully sick, was pale and lost flesh and strength. My sleep did me no good. I was tired and restless all the time. I had severe nervous attacks and pain in the top of my head. Sometimes there were trembling sensations all over my body and my heart troubled me."

"One day my son brought home six boxes of Dr. Williams' Pink Pills and urged me to try them, which I did. After the second box I could notice an improvement. I took twelve boxes at that time and I know they gave me strength and built me up. I am very thankful for the benefit which I have received from Dr. Williams' Pink Pills and whenever I need a tonic I shall use them again."

There has been no increase in the price of Dr. Williams' Pink Pills. They are sold by your own druggist, or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for a copy of the book on nervous disorders. It will be mailed free to any address on request.—Adv.
